

Hello. I am writing to you on behalf of K-LOVE radio regarding your plans to replace FM translator services with Low Power FM. K-LOVE reaches thousands of people like me who would never be able to listen to this family friendly, positive and encouraging station without the help of it's many FM translators. With so many negative things on the airwaves these days it is definitely in the public's interest - not to mention in our children's best interest - to leave stations like K-LOVE and it's translators to reach as many people as possible. PLEASE DO NOT REPLACE THEM WITH LPFM!! If you haven't already received an outcry from the public regarding this I'm definitely sure you would if you went ahead with this terrible change. Thank you for your time and consideration. Kathy Hepker
